

CBMHT300 hydraulic copper tube crimping tool.

Key features.

- A bench mounted hydraulic tool offering an output of 6 tons
- Maximum pressure of 700kg
- For use with a hydraulic foot pump, dies can be purchased separately
- Suitable for crimping copper tube terminals

Part number	Tool length	Tool width	Tool height	Pack quantity
CBMHT300	283	95	160	1

Specification.

Tool length:
283

Tool width:
95

Tool height:
160

Max crimp range:
10-300mm²

Spare dies for CBMHT 300

Part number	Die (mm²)
CBMHT300D-10	10
CBMHT300D-16	16
CBMHT300D-25	25
CBMHT300D-35	35
CBMHT300D-50	50
